## Maximize your Dental Insurance

- We go the extra mile to help you understand your insurance and we file claims on your behalf.
- We will help you maximize your insurance benefits and get the treatment you need.

Many of us have new insurance at the beginning of the year. Don't forget to let us know in advance of your appointment if your insurance provider changes, to avoid delays when you come in. Please remember that patients are responsible for any remaining balance for treatment received that is not covered by insurance. We would also like to remind you that sometimes, insurance companies may not cover all types of treatment, but that doesn't mean the work Dr Schmidt recommends is any less necessary. Good oral health is invaluable in maintaining our overall health.

I always get high quality service from everyone at Dr Schmidt's office, from Dr Schmidt to the hygienists to the office staff. Very professional, friendly and thorough. - **Rich G**

My family and I have gone to Dr Schmidt's office for many years. I am always totally satisfied and will never go anywhere else. The dentist and all staff are highly skilled and trained. - **John W**

Always happy with the service my family and I get at our appointments! Great care and nice staff! - **Shannon S**
